

Incident Analysis & Forensics Capability

Document date: 2025-11-15 · Maps to NIST CSF RS.AN

1. Retainer

Meridian maintains a digital-forensics & incident-response (DFIR) retainer with an external firm, with a 4-hour response SLA.

2. In-House

There is no in-house forensic tooling or trained examiner; deep analysis depends on the retained firm.

Gap

A formal evidence chain-of-custody procedure is not yet documented.

Sample document generated for CyberRx pilot testing. Fictional organization; not real PHI. This document intentionally omits some required elements so reviewers can verify gap detection.
