

Breach Notification Procedures

Document date: 2025-11-15 · Maps to NIST CSF RS.CO

1. OCR

Breaches of unsecured PHI are reported to HHS/OCR within the required timelines; >500 individuals reported without unreasonable delay.

2. State

State Attorney General notification follows applicable state statutes; member notification uses the approved template.

Gap

CMS/Medicaid-specific notification timelines and the media-notice process for large breaches are not yet documented.

Sample document generated for CyberRx pilot testing. Fictional organization; not real PHI. This document intentionally omits some required elements so reviewers can verify gap detection.
