

Organizational Context & Stakeholder Analysis

Document date: 2025-11-15 · Maps to NIST CSF GV.OC

1. Mission

Meridian Health Plan provides managed-care coverage to 480,000 members across the Midwest. Our mission is to deliver affordable, high-quality healthcare while safeguarding member health information.

2. Stakeholders

Internal: Board of Directors, Executive Leadership, Members Services, Claims, IT/Security. External: members, contracted providers, CMS, state Medicaid agencies, reinsurers, and key technology vendors.

3. Critical Services

Claims adjudication, member enrollment, provider network management, care management, and member portal. These depend on the core claims platform, the EDW, and the member portal.

4. Regulatory Landscape

HIPAA Privacy & Security Rules and HITECH apply enterprise-wide. (Detailed mapping of individual state breach-notification statutes is maintained separately and is still in progress.)

Sample document generated for CyberRx pilot testing. Fictional organization; not real PHI. This document intentionally omits some required elements so reviewers can verify gap detection.
